

CPG IV DOCKET INDEX

F-01-CP4P-FFFFF

Terry Grist, EPA Office of Solid Waste
703/308-7257

A. General Information

1. *Recovered Material Product Research for the Comprehensive Procurement Guideline IV: Draft Report*, Office of Solid Waste, August 2000, 222 pages.
2. *Background Document for Proposed CPG IV and Draft RMAN IV*, Office of Solid Waste, EPA530-R-01-006, April 2001, 165 pages and five appendices.
3. *Economic Impact Analysis for Proposed Comprehensive Procurement Guideline IV*, Office of Solid Waste, March 2001, 22 pages and 4 appendices.
4. National Association of State Procurement Officials Directory, 9 pages.

B. Rebuilt Vehicular Parts

1. "Media Advisory: NRC Comments on Federal Trade Commission's Environmental Marketing Guidance Revisions," May 1, 1998, 2 pages.
2. Remanufacturing Vision Statement, from Automotive Parts Remanufacturing Association (APRA) Web site <www.apra.org>, 11 pages.
3. "APRA.Working for You and Your Future," article from APRA Web site <www.apra.org>, 3 pages.
4. Federal Trade Commission, Guides for the Use of Environmental Marketing Claims, Final Rule, *Federal Register*, 63 FR 24240, May 1, 1998, 13 pages.

C. Tires

1. "Scrap Tire Recovery, An Analysis of Alternatives," Goodyear Tire and Rubber Company, 26 pages.
2. "Basic Ingredients to Make a Tire," from Goodyear Web site <www.goodyear.com/about/school/ingredients.html>, 2 pages.
3. Letter from Wilda L. Grant, National FOIA Officer, U.S. Department of Agriculture, to Leo Pineda, ERG, January 4, 1999, 1 page.
4. "The Scrap Tire Industry, 1998-2000," *Resource Recycling*, April 1999, 3 pages.

5. "Signs of a Maturing Industry: The Recent Growth in Scrap Tire Recovery," *Resource Recycling*, March 1997, 6 pages.

D. Cement and Concrete Containing Cenospheres and Silica Fume

1. Technical information from the Silica Fume Association Web site, <www.silicafume.org>, 5 pages.

E. Nylon Carpet and Nylon Carpet Backing

1. Letter to Birgitte Junior, ERG, from Heather Sheehan, AlliedSignal, 3 pages.
2. "BASF's Recycling Efforts are Paying Off in Projects," Excerpt from *Floor Covering Weekly*, October 20/27, 1997, 2 pages.
3. Product Information, BASF, 8 pages.
4. Product Information, Shaw Contract Group, 7 pages.
5. Product Information, DuPont Antron, 12 pages.
6. Product Information, DuPont Answers, DuPont Carpet Reclamation Program, 8 pages.
7. Product Information, AlliedSignal Infinity Forever Renewable Nylon, 8 pages.
8. Product Information, Milliken, 8 pages.
9. Letters to Anne Merrill, ERG, from N. Dobbins Callahan, Collins&Aikman, October 10, 1996 and November 25, 1996, 3 pages.
10. "Evergreen Nylon Recycling," *Green Office*, July 1999, 2 pages.
11. "Firm Finds Destiny in Recycling Rugs," Wall Street Journal, Southeast Journal, January 15, 1997, 1 page.
12. Excerpt from Correspondence from Arnall Golden & Gregory, representing Synthetic Industries, to RCRA Information Center, February 28, 1996, 6 pages.
13. "Guide Specification for Construction (Carpet), Department of the Army, U.S. Army Corps of Engineers, October 2000, 14 pages.
14. "HUD Building Product Standards and Certification Program for Carpet," Department of Housing and Urban Development, Use of Materials Bulletin No. 44e, August 15, 1993, 12 pages.
15. Product Information, DuPont Antron Lumena, 2 pages.

16. Letter to Anne Merrill, ERG, and product information, Milliken Carpet, December 6, 1996, 17 pages.
17. Letter to Lynne Gilbert, ERG, from Annette Guarisco, Honeywell, April 26, 2000, 6 pages.
18. “Comments Regarding Vinyl Carpet’s Implication in Fire Situations,” Collins&Aikman floorcoverings, 4 pages.
19. E-mail message to Lynne Gilbert, ERG, from Dobbins Callahan, Collins&Aikman, April 19, 2000, 3 pages.
20. Program information, e.g. Environmental Guarantee, Shaw Industries, 4 pages.

F. Modular Threshold Ramps

1. Correspondence and product information, Van Duerr Industries, July 11, 2000, 8 pages.
2. Product Marketing Summary, EZ Edge Threshold Ramp, Van Duerr Industries, 8 pages and attachments.
3. Letter of consideration for designation in the CPG from Van Duerr Industries to RCRA Information Center with miscellaneous supporting materials, February 25, 1996, 27 pages.
4. Correspondence from National Guard Products and excerpt from Federal Register, 56 FR 35643, 4 pages.
5. Americans with Disabilities Act, Title II Highlights, U.S. Department of Justice, Civil Rights Division, 8 pages.
6. “Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities,” as Published in the *Federal Register*, July 26, 1991, 20 pages.
7. Product information, Handi-Ramp Product Line Overview, 1 page.
8. “A Partial List of Handi-Ramp End Users,” 4 pages.

G. Nonpressure Pipe

1. “Local Buckling Stability of Thermoplastic Pipe Wall Profiles – Proposed LRFD Design Method,” NCHRP 20-7, Task 89, 2 pages.
2. “HDPE Pipe Material Specifications and Design Requirements,” NCHRP 4-24, The Drexel Study Talking Points, 2 pages.

3. "Statement U: PPI Position Statement on Use of PCR Materials in Polyethylene Pipe," from Plastic Pipe Institute Web site <www.plasticpipe.org>, May 2000, 1 page.
4. "HDPE Pipe Material Specifications and Design Requirements: Final Report," *Drainage Technology Bulletin*, October 1999, 4 pages.
5. "A Stress Crack Resistance Method for Evaluation of Polyethelene Materials Intended for Pipe Applications," Prepared for Plastic Pipe Institute and American Plastic Council by Drexel University Geosynthetic Research Institute, 1997, 35 pages.
6. ASTM Specifications for Plastic Pipe, 114 pages.
7. ASTM Specifications for Concrete Pipe, 59 pages.
8. Summary of ASTM Specifications for Steel Pipe, 20 pages.

H. Roofing Materials

1. Excerpt from American Building News Product Catalog, 1 page.
2. Products and Materials in the U.S. Market, 1 page.
3. "Roofing Materials: A Look at the Options for Pitched Roofs," from Environmental Building News, July/August 1995, 3 pages.
4. Excerpt on Roofers from Washington Consumers' Checkbook, Volume 9, No. 4, 11 pages.
5. "1998 Roofing Market Survey," from National Roofing Contractors Association Web site <www.nrca.net>, May 2000, 8 pages.
6. Information on Proposed Designated Products Standardized by ASTM, Roofing Materials, 1 page.
7. Asphalt Roofing Manufacturers Association Recycling Position, 12 pages.
8. Product information, Ondura Roofing, 8 pages.
9. Product information, Majestic Skylines, 2 pages.
10. Product information, Classic Products, 2 pages.
11. Product information, Crowe Building Products, 2 pages.
12. "Recycled Roofing: Corrugated Asphalt Roofing Takes Recycling Full Circle," *The Lumber Co-operator*, February 1997, 1 page.

13. "Case Study: Nuline Industries, Finding the Right Marketing Message," Recycled Products Business Letter, December 1995, 3 pages.

I. Office Furniture

1. "Product Proposal: Recycled Office Furniture," Drafted by the Office Furniture Recyclers Forum, February 16, 1999, 9 pages.
2. "Recycled Office Furniture: Good for the Environment, Good for Your Business; A Guide to the Benefits of Using Recycled Office Furniture in Your Company," The Office Furniture Recyclers Forum, 6 pages.
3. Business Products Industry Association (BPIA) Standards for Office Furniture, Prepared by the Office Furniture Recycler Division, February 1994, 15 pages.
4. An Environmental Report, Herman Miller, 1999, 19 pages
5. Environmental Program Objectives, Herman Miller, 6 pages.
6. "OFRF Develops Definitions for 'Recycled,'" The Business Products Industry Association *Industry Report*, November 1998, 1 page.
7. Product information, Pacific Northwest Fiber, 3 pages.

J. Bike Racks

1. Product information, GameTime, 1 page.
2. Product information, Madrax, 1 page.
3. Product information, Madrax, 12 pages.
4. Product information and letter, Creative Pipe, 17 pages.
5. Excerpt from *Federal Supply Schedule*, General Services Administration, 4 pages.
6. "The 1995 Estimate of Promotional Products Distributor Sales," Promotional Products Association International, 2 pages.
7. Product information, Belson Outdoors, 1 page.
8. Product information, Belson Outdoors, 2 pages.

K. Blasting Grit

1. "Recycled Glass Abrasive Meets Tough Federal Specification," from *Closing the Circle News*, 1 page.

2. "Abrasives Markets—A new opportunity for recovered glass," Resource Recycling, September 1998, 4 pages.
3. Letter from Stan Blast Abrasives to Steven J. Groseclose, Piper, Marbury, Rudnick & Wolfe LLP, April 24, 2000, 2 pages.
4. "Military Specification for Abrasive Blasting Media for Ship Hull Blast Cleaning," MIL-A-22262B (SH), April 5, 1993, 25 pages.
5. Product information, Strategic Materials, 4 pages.
6. "Evaluation of Substitute Materials for Silica in Abrasive Blasting," U.S. Department of Commerce, National Technical Information Center, September 1998, 26 pages.
7. Product information, 3M Abrasive System Division, October 22, 1999, 2 pages.
8. Excerpt from "Using Glass as a Blasting Abrasive," Clean Washington Center Technology Brief, November 3, 1999, 3 pages.
9. "Regulatory Determination on Wastes from the Combustion of Fossil Fuels; Final Rule," 65 FR 32214, May 22, 2000, 24 pages.

L. Paint

1. Commercial Item Description for Latex Paint (Containing Postconsumer Material), 9 pages.

M. Railroad Grade Crossing Surfaces

1. Product information, Endurance Composite Crossings, B&B Diversified Materials, 15 pages.
2. Product information, Reconstituted Technologies, 4 pages.
